INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF INTERACTIVE SECURITIES (PRIVATE) LIMITED

REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS

Opinion

ĵ ĵ

We have audited the annexed financial statements of Interactive Securities (Private) LIMITED (the Company), which comprise of the statement of financial position as at June 30, 2024, and the statement of profit or loss and other comprehensive income, the statement of changes in equity, the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information, and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of the audit.

In our opinion and to the best of our information and according to the explanations given to us, the statement of financial position, the statement of profit or loss and other comprehensive income, the statement of changes in equity, the statement of cash flows together with the notes forming part thereof conform with the accounting and reporting standards as applicable in Pakistan and give the information required by the Companies Act, 2017 (XIX of 2017), in the manner so required and respectively give a true and fair view of the state of the Company's affairs as at June 30, 2024 and of the profit and no comprehensive income, the changes in equity and its cash flows for the year then ended.

Basis for Opinion

We conducted our audit in accordance with the International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

ADVISORY - ASSURANCE - TAX

Baker Tilly Mehmood Idrees Qamar, Chartered Accountants trading as Baker Tilly is a member of the global network of Baker Tilly International Ltd., the members of which are separate and independent legal entities.

Information Other than the Financial Statements and Auditor's Report Thereon

Management is responsible for the other information. The other information obtained at the date of this auditor's report is information included in the Director's report, but does not include the financial statements of the company and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the accounting and reporting standards as applicable in Pakistan and the requirements of Companies Act, 2017 (XIX of 2017) and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material audit conducted in exists. Misstatements can arise from fraud or error and are considered material if, misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures
 that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the
 effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are in adequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the
 disclosures, and whether the financial statements represent the underlying transactions and events
 in a manner that achieves fair presentation.

We communicate with the board of directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the board of directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the board of directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

m

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

Based on our audit, we further report that in our opinion:

- a) proper books of account have been kept by the Company as required by the Companies Act, 2017 (XIX of 2017);
- b) the statement of financial position, the statement of profit or loss and other comprehensive income, the statement of changes in equity, the statement of cash flows together with the notes thereon have been drawn up in conformity with the Companies Act, 2017 (XIX of 2017) and are in agreement with the books of account and returns;
- c) investments made, expenditure incurred and guarantees extended during the year were for the purpose of the Company's business; and
- d) no Zakat was deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980).
- e) the Company was in compliance with the requirements of section 78 of the Securities Act, 2015 and section 62 of the Future Market Act, 2016 and the relevant requirements of Securities Brokers (Licensing and Operations) Regulations, 2016 as at the date on which the statement of financial position was prepared.
- f) The Company was in compliance with the relevant requirements of Futures Brokers (Licensing and Operations Regulations), 2018 as at the date on which the statement of financial position was prepared.

The engagement partner on the audit resulting in this independent auditor's report is **Mehmood A. Razzak**.

m

Chief Executive Officer

INTERACTIVE SECURITIES (PRIVATE) LIMITED NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2024

NATURE OF BUSINESS AND OPERATIONS

1.1 The Company was incorporated in Pakistan on March 30, 2012 as a Private Company limited by shares under the Companies Ordinance, 1984 (repealed by Companies Act, 2017). The Company geographically located in the province of Sindh and the registered office of the Company is situated at Room No. 77, 2nd Floor, Pakistan Stock Exchange Building, Stock Exchange Road, Karachi. The principal activities of the company is to carry on the business of stock, brokerage, underwriting and investment etc.

2. BASIS OF PREPARATION

2.1 Accounting Convention

These financial statements have been prepared under the 'historical cost convention'.

The preparation of these financial statements are in conformity with approved accounting standards requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the company's accounting policies. The estimates / judgments and associated assumptions used in the preparation are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. The resulting accounting estimates / judgements / assumptions will, by definition, seldom equal the related actual results. The estimates / judgements and associated assumptions are reviewed on an ongoing basis. Revision to the accounting estimates are recognised in the period in which the estimate is revised, if the revision affects only that period, or in period of revision and future periods if the revision affects both current and future periods.

2.2 The financial statements are presented in Pak Rupee, which is the Company's functional and presentation currency.

2.3 Statement of Compliance

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of such International Financial Reporting Standards (IFRS Standards) issued by the International Accounting Standards Board (IASB) as are notified under the Companies Act, 2017 (the Act), provisions of and directives Issued under the Companies Act, 2017 and the relevant requirements of Securities Brokers (Licensing and Operations) Regulations 2016. Where provisions of and directives issued under the Companies Act, 2017 and the relevant requirements of Securities Brokers (Licensing and Operations) Regulations, 2016 differ from the IFRS Standards, the provisions of and directives issued under the Companies Act, 2017 and the relevant requirements of Securities Brokers (Licensing and Operations) Regulations 2016, shall prevail.

2.4 New accounting standards, amendments and IFRS interpretations that are effective for the year ended June 30, 2024

During the year the Institute of Chartered Accountants of Pakistan (ICAP) have withdrawn the Technical Release 27 "IAS 12, Income Taxes (Revised 2012)" and Issued guidance – "IAS 12 Application Guidance on Accounting for Minimum Taxes and Final Taxes". The said guidance requires taxes paid under final tax regime to be shown separately as a levy Instead of showing it in current tax. Further the treatment of minimum taxes has been presented differently in this guidance.

Accordingly, the impact has been incorporated in these financial statements retrospectively in accordance with the requirement of International Accounting Standard (IAS 8) — 'Accounting Policies, Change in Accounting Estimates and Errors'. There has been no effect on the Statement of Financial Position, Earnings per share and Statement of Changes in Equity as a result of this change.

Effect on statement of profit or loss and other comprehensive income

	Had there been no Change in accounting policy	Impact of Change in accounting policy	After incorporating effects of change in accounting policy

Taxation-Final taxes	1	(7,125)	(7,125)
Taxation-Minimum Taxes		52	-
Profit before taxation	2,472,873	= 84	2,472,873
Taxation-Income tax	(1,150,563)	7,125	(1,143,438)
	1,322,310		1,322,310
For the year ended June 30, 2023	1		
Taxation-Final taxes	i•1	(6,083)	(6,083)
Taxation-Minimum Taxes	E 183		4
Profit before taxation	6,806,540	(·	6,806,540
Taxation-Income tax	(923,703)	6,083	(917,620)
	5,882,837		5,882,837

The following standards, amendments and interpretations are effective for the year ended June 30, 2024. These standards, amendments and interpretations are either not relevant to the Company's operations or did not have significant impact on the financial statements other than certain additional disclosures.

	Effective date (annual periods beginning on or after)
Amendments to IAS 1 'Presentation of Financial Statements' and IFRS Practice	January 01, 2023
Amendments to IAS 8 'Accounting Policies, Changes in Accounting Estimates and Errors' - Definition of Accounting Estimates	January 01, 2023
Amendments to IAS 12 'Income Taxes' - Deferred Tax related to Assets and Liabilities arising from a single transaction	January 01, 2023
Amendments to IAS 12 'Income Taxes' - Temporary exception to the requirements regarding deferred tax assets and liabilities related to pillar two income taxes	January 01, 2023

The Company adopted the narrow-scope amendments to the International Accounting Standard (IAS) 1, Presentation of Financial Statements which have been effective for annual reporting periods beginning on or after 1 January 2023. Although the amendments did not result in any changes to accounting policy themselves, they impacted the accounting policy information disclosed in the financial statements.

The amendments require the disclosure of 'material' rather than 'significant' accounting policies. The amendments also provide guidance on the application of materiality to disclosure of accounting policies, assisting the Company to provide useful entity-specific accounting policy information that users need to understand other information in the financial statements.

Management reviewed the accounting policies and updates to the information disclosed in Note 3 Material accounting policies (2023: Summary of significant accounting policies) in certain instances in line with the amendments and concluded that all its accounting policies are material for disclosure.

2.5 New accounting standards, amendments and interpretations that are either not yet effective or relevant to the Company

The following standards, amendments and interpretations are only effective for accounting periods, beginning on or after the date mentioned against each of them. These standards, amendments and interpretations are either not relevant to the Company's operations or are not expected to have significant impact on the Company's financial statements other than certain additional disclosures.

	Effective date (annual periods beginning on or after)
Amendments to IFRS 7 'Financial Instruments: Disclosures' - Supplier finance arrangements	January 01, 2024
Amendments to IFRS 7 'Financial Instruments: Disclosures'- Amendments	<u> </u>
regarding the classification and measurement of financial instruments	January 01, 2026
Amendments to IFRS 9 'Financial Instruments' - Amendments regarding the	
classification and measurement of financial instruments	January 01, 2026
Amendments to IFRS 16 'Leases' - Amendments to clarify how a seller-lessee	
subsequently measures sale and leaseback transactions	January 01, 2024
Amendments to IAS 1 'Presentation of Financial Statements Classification of	
liabilities as current or non-current	January 01, 2024
Amendments to IAS 1 'Presentation of Financial Statements' - Non-current liabilities	
with covenants	January 01, 2024
Amendments to IAS 7 'Statement of Cash Flows' - Supplier finance arrangements	January 01, 2024
Amendments to IAS 21 'The Effects of Changes in Foreign Exchange Rates' - Lack of	
Exchangeability	January 01, 2025
FRS 17 Insurance Contracts	January 01, 2026

IFRS 1 'First-time Adoption of International Financial Reporting Standards' has been issued by IASB effective from July 01, 2009. However, it has not been adopted yet locally by Securities and Exchange Commission of Pakistan (SECP).

IFRS 18 'Presentation and Disclosures in Financial Statements' has been Issued by IASB effective from January 01, 2027. However, it has not been adopted yet locally by SECP.

IFRS 19 'Subsidiaries without Public Accountability: Disclosures' has been issued by IASB effective from January 01, 2027. However, it has not been adopted yet locally by SECP.

IFRS 17 - 'Insurance contracts' has been notified by the IASB to be effective for annual periods beginning on or after January 1, 2023. However SECP has notified the timeframe for the adoption.

3. MATERIAL ACCOUNTING POLICIES INFORMATION

3.1 Property and Equipment

Owned

These are stated at cost less accumulated depreciation and impairment losses, if any. Cost includes expenditure that is directly attributable to the acquisition of the items. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the items will flow to the company and the cost of the item can be measured reliably. Normal repairs and maintenance are charged to the statement of profit or loss as and when incurred.

Depreciation is charged to income applying the reducing balance method whereby the cost of an asset is written off over its estimated useful life. Depreciation on additions is charged from the month in which the asset is put to use and on disposals upto the month the asset is in use.

Gains and losses on disposal are determined by comparing proceeds with the carrying amount of the relevant assets. These are included in the statement of profit or loss.

3.2 Intangible Assets

An intangible asset is recognized if it is probable that the future economic benefits that are attributable to the asset will flow to the company and that the cost of such asset can be measured reliably.

TREC having indefinite useful life are not amortized. It is stated at acquisition cost less impairment, if any. The carrying amount is reviewed at each balance sheet date to assess whether they are in excess of the recoverable amounts, and where the carrying value exceed estimated recoverable amount, these are written down to their estimated recoverable amount.

3.3 Taxation and levy

3.3.1 Levy - final and minimum tax

Computation of minimum tax chargeable under various sections of ITO 2001, provisions of such sections require its comparison with amount of tax attributable to income streams taxable at general rate of taxation, such minimum taxes are not fully outside the scope of IAS-12 and a certain portion of them falls in scope of IAS - 12. Based on this, the minimum taxes under ITO 2001 are hybrid taxes which comprise of a component within the scope of IAS - 12 and a component within the scope of IFRIC - 21 / IAS - 37.

As regards final taxes, its computation is based on revenue or other bases other than taxable income, therefore, final taxes fall under levy within the scope of IFRIC – 21 / IAS – 37, hence treated and classified accordingly, as per the requirements of / and guidelines issued by ICAP.

In identifying and classifying each component of minimum tax being hybrid in nature, company designate the amount calculated on taxable income using the notified tax rate as an income tax within the scope of IAS – 12 "Income taxes" and recognize it as current income tax expense. Any excess over the amount designed as income tax, is recognized as a levy falling under the scope of IFRIC – 21 / IAS – 37.

3.3.2 Taxation

Income tax expense comprises current, prior and deferred tax. Income tax expense is recognized in the statement of profit or loss except to the extent that it relates to item recognized directly in other comprehensive income in which case it is recognized in other comprehensive income.

Current tax

Provision for current tax is based on the taxable income for the year determined in accordance with the prevailing law for taxation of income. The charge for current tax is calculated using prevailing tax rates or tax rates expected to apply to the profit for the year if enacted.

The charge for prior tax includes adjustments where considered necessary, to provision for tax made in previous years arising from assessments framed during the year for such years.

Deferred tax

Deferred tax is recognized using statement of financial position liability method, providing for temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. The amount of deferred tax provided is based on the expected manner of realization or settlement of the carrying amount of assets and liabilities, using the enacted or substantively enacted rates of taxation.

Deferred tax asset is recognized for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which deductible temporary differences can be utilized. Deferred tax assets are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

Trade and other Debts 3.4

Trade and other debts are carried at original invoice amount. Debts considered irrecoverable are written off and provision is made against those considered doubtful of recovery.

Trade and Other Payables 3.5

Liabilities for trade and other payables are carried at cost which is the fair value of the consideration to be paid in the future for goods and services received, whether or not billed to the Company.

3.6 **Provisions**

Provisions are recognised in the statement of financial position when the company has a legal or constructive obligation as a result of a past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

Cash and Cash Equivalents 3.7

Cash and cash equivalents comprises cash balances and bank deposits. Cash and cash equivalents are carried in the balance sheet at cost.

Revenue Recognition 3.8

Brokerage, consultancy, advisory fee, underwriting, book running fee, commission on foreign exchange dealings and debt securities etc., are recognised as and when such services are provided.

Income from reverse repurchase transactions, debt securities and bank deposits is recognised at effective yield on time proportionate basis.

Interest Income on financial assets (including margin financing) is recognised on time proportionate basis taking into account effective / agreed rate of the instrument.

Dividend income is recorded when the right to receive the dividend is established.

Gains / (losses) arising on sale of investments are included in the profit or loss account in the period in which they arise.

3.9 Financial assets

Initial Measurement

The Company classifies its financial assets into following three categories:

- measured at amortised cost.
- fair value through profit or loss (FVTPL); and
- fair value through other comprehensive income (FVOCI);

A financial asset is initially measured at fair value plus, for an item not at FVTPL, transaction costs that are directly attributable to its acquisition.

Subsequent measurement

Debt Investments at FVOCI

These assets are subsequently measured at fair value. Interest / markup income calculated using the effective interest method, and impairment are recognised in the statement of profit or loss account. Other net gains and losses are recognised in other comprehensive income. On de-recognition, gains and losses accumulated in other comprehensive income are reclassified to the statement of profit or loss.

Financial assets at FVTPL

These assets are subsequently measured at fair value. Net gains and losses, including any interest / markup or dividend income, are recognised in the statement of profit or loss.

Financial assets measured at amortised cost

Financial assets measured at these assets are subsequently measured at amortised cost using the effective amortised cost interest method. The amortised cost is reduced by impairment losses. Interest / markup income, and impairment are recognised in the statement of profit or loss.

Equity Investments at FVOCI

These assets are subsequently measured at fair value. Dividends are recognised as income in the statement of profit or loss unless the dividend clearly represents a recovery of part of the cost of the investment. Other net gains and losses are recognised in other comprehensive income and are never reclassified to the statement of profit or loss.

IFRS 9's impairment requirements use more forward-looking information to recognise expected credit losses - the 'expected credit loss (ECL) model'. This replaces IAS 39's 'incurred loss model'. Instruments within the scope of the new requirements included loans and other debt-type financial assets measured at amortised cost and FVOCI that are not measured at fair value through profit or loss.

Recognition of credit losses is no longer dependent on the Company first Identifying a credit loss event. Instead the Company considers a broader range of information when assessing credit risk and measuring expected credit losses, including past events, current conditions, reasonable and supportable forecasts that affect the expected collectability of the future cash flows of the instrument.

3.10 Financial liabilities

Financial liabilities are initially recognised on trade date i.e. date on which the Company becomes party to the respective contractual provisions. The Company derecognises the financial liabilities when contractual obligations are discharged or cancelled or expire. Financial liability other than at fair value through profit or loss are initially measured at fair value less any directly attributable transaction cost. Subsequent to initial recognition, these liabilities are measured at amortised cost using effective interest rate method.

3.11 Impairment

(i) Financial assets

The Company recognises loss allowances for ECLs on:

- financial assets measured at amortised cost;
- debt instruments measured at FVOCI; and
- contracts assets.

The Company measures loss allowances at an amount equal to lifetime Expected Credit Losses (ECLs), except for the following, which are measured at 12-month ECLs:

- debt securities that are determined to have low credit risk at the reporting date;
- other debt securities and bank balances for which credit risk (i.e. the risk of default occurring over the expected life of the financial instrument) has not increased significantly since initial recognition.

Loss allowances for trade receivables are always measured at an amount equal to lifetime ECLs.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating ECLs, the Company considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Company's historical experience and informed credit assessment and inducing forward-looking information.

The Company assumes that the credit risk on a financial asset has increased significantly if it is more than 30 days past due.

The Company considers a financial asset to be in default when:

- the borrower is unlikely to pay its credit obligations to the Company in full, without recourse by the Company to actions such as realising security (if any is held); or
- the financial asset is more than 365 days past due.

Lifetime ECLs are the ECLs that result from all possible default events over the expected life of a financial instrument.

The maximum period considered when estimating ECLs is the maximum contractual period over which the Company is exposed to credit risk.

Measurement of ECLs

ECLs are probability-weighted estimate of credit losses. Credit losses are measured as the present value of all cash shortfalls (i.e. the difference between the cash flows due to the entity in accordance with the contract and the cash flows that the Company expects to receive).

ECLs are discounted at the effective interest rate of the financial asset.

Credit impaired financial assets

At each reporting date, the Company assesses whether financial assets carried at amortised cost are credit-Impaired. A financial asset is 'credit-impaired ' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

Evidence that a financial asset is credit-impaired includes the following observable data:

- significant financial difficulty of the borrower or issuer;
- a breach of contract such as a default or being more than 365 days past due;
- the restructuring of a loan or advance by the Company on terms that the Company would not consider otherwise;
- it is probable that the borrower will enter bankruptcy or other financial reorganization; or
- the disappearance of an active market for a security because of financial difficulties.

Presentation of allowance for ECL in the statement of financial position

Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of the assets.

Write-off

The gross carrying amount of a financial asset is written off when the Company has no reasonable expectations of recovering a financial asset in its entirety or a portion thereof. Financial assets that are written off could still be subject to enforcement activities in order to comply with the Company's procedures for recovery of amounts due.

3.12 Related party transactions

Parties are considered to be related if one party has the ability to control the other party or exercise significant influence over the other party in making financial or operational decisions and include holding company, associated companies with or without common directors, directors and major shareholders and their close family members, key management personnel and staff and retirement benefit funds.

19. TAXATION AND LEVY

- 19.1 The income tax returns of the Company have been filed up to tax year 2023 under the Universal Self Assessment Scheme. This scheme provides that the return filed is deemed to be an assessment order. The returns may be selected for audit within five years. The Income Tax Commissioner may amend assessment if any objection is raised during audit.
- 19.2 This represents final taxes paid under section 37A, 150 of Income Tax Ordinance (ITO, 2001) representing levy in terms of requirements of IFRIC 21 / IAS 37.
- 19.3 This represents portion of minimum tax paid under section 113 & 233 of Income Tax Ordinance (ITO, 2001), representing levy in terms of requirements of IFRIC 21 / IAS 37.
- 19.4 This represents current tax as specified under IAS-12 guidance issued by ICAP, after classifying portion of minimum tax as levy.

26.

FINANCIAL RISK MANAGEMENT 27.

The Company is exposed to a variety of financial risks: market risk (comprising interest rate risk, and other price risk), liquidity risk and credit risk that credit risks available for risk and credit risk that could result in a reduction in the Company's net assets or a reduction in the profits available for dividends.

The Company's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the Company's financial performance.

27.1 Market risk

Market risk is the risk that the value of the financial instrument may fluctuate as a result of changes in market interest rates or the market price due to a change in credit rating of the issuer or the instrument, change in market sentiments, speculative activities, supply and demand of securities and liquidity in the market. The Company manages market risk by monitoring exposure on marketable securities by following the Internal risk management and investment policies and guidelines. Market risk comprises of three types of risk: currency risk, interest rate risk and other price risk.

a) Interest rate risk exposure

Interest rate risk is the risk that the fair value or future cash flows of financial instruments will fluctuate because of changes in market interest rates.

The Company has financial instruments with both fixed and floating interest rates as specifically disclosed in the respective notes. The Company while dealing in financial instruments negotiates attractive interest rates, which reduces the interest rate price risk.

Foreign currency risk b)

Foreign currency risk is the risk that the fair value or future cash flows of financial instruments will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the Company's net Investments in foreign subsidiaries and to foreign exchange bank accounts. During the year the Company does not have any exposure to foreign currency risk.

Equity price risk c)

Equity price risk is the risk that the fair value of future cash flows of financial instruments will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk), whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market. The Company maintains a portfolio of equity securities and any change in the price of securities upto 10% would increase / decrease the value of equity by Rs. 10,706,627.

27.2 Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting its financial obligations associated with its financial liabilities that are settled by delivering cash or another financial assets. Liquidity risk arises because of the possibility that the Company could be required to pay its liabilities earlier than expected or difficulty in raising funds to meet comments associated with financial liabilities as they fall due. Prudent liquidity risk management implies maintaining sufficient cash and marketable securities, the availability of funding to an adequate amount of committed credit facilities and the ability to close out market options due to the dynamic nature of the business. The Company's treasury aims at maintaining flexibility in funding by keeping committed credit lines available. The following are the contractual maturities of financial liabilities.

				2024		
	Carrying amount	Contractual cash flows	Six month or less	Six to twelve months	One to two years	Two to five years
-				— Rupees ——		
Financial liabilities						
Creditors, accrued and other liabilities	1,474,375	1,474,375	1,474,375		•	
Bank overdraft	25,144,799	25,144,799	25,144,799	-	% .	3€
	26,619,174	26,619,174	26,619,174	· ·		
				2023		
	Carrying amount	Contractual cash flows	Six month or less	Six to twelve months	One to two years	Two to five years
				Rupees		
Financial liabilities						
Creditors, accrued and other liabilities	1,148,228	1,148,228	1,148,228	•		
	1,148,228	1,148,228	1,148,228			

27.3 Credit Risk

Credit risk is the risk that one party to a financial instrument will fail to discharge an obligation and cause the other party to incur a financial loss. The Company attempts to control credit risk by monitoring credit exposures, limiting transactions with specific counterparties, and continually assessing the credit worthiness of the same.

27.4 Fair value of financial assets

The Company measures fair values using the following fair value hierarchy that reflects the significance of the inputs used in making the measurements:

Level 1: Fair value measurements using quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Fair value measurements using inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: Fair value measurements using inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

Fair value of the financial assets that are traded in active markets are based on quoted market prices or dealer prices quotations.

The table below analyses financial instruments measured at fair value at the end of the reporting period by the level in the fair value hierarchy into which the fair value measurement is categorised:

		2024	
Level 1	Level 2	Level 3	Total
		Rupees	
121,535,132		37,244,116	158,779,248

28. CAPITAL RISK MANAGEMENT

The company's prime objective of managing capital is to safeguard the company's ability to continue as a going concern so that it can provide benefits to all stakeholders.

In order to maintain the balance of its capital structure the company may consider injecting further equity or issuing fresh debt. The company monitors its capital on the basis of its gearing ratio. Debt is calculated as total borrowings including both long term and short term borrowings. The gearing ratio as at June 30, 2024 and 2023 is as follows:

		200100
	2024	2023
